OCTOBER 3

City Democrats Don't Fail to Register or You Cannot Vote.

State Campaign Chairman J. Campbell Cantrill is making every effort to remind Democrats of the importance of registering where that absolutely essential act is necessary to vote in November. Unfortunately in the past a good many Democrats have forgotten the importance of registering, but there are few instances on record where Republicans, black and white, have neglected the duty. October 3 from 8 a. m. to 9 p. m. is registration day, and there are some fifty cities and towns in the state where the books will be open in addition to Louisville and the entire county of Jefferson. These are:

Lexington, Covington, Newport, Paducah, Frankfort, Bowling Green, Henderson, Middlesboro, Owensboro, Hopkinsville, Ashland, Bellevue, Barbourville, Catlettsburg, Carrollton, Central City, Corbin, Cynthiana, Danville, Dayton, Franklin, Fulton, Georgetown, Harrodsburg, Highlands, Latonia, Lawrenceburg, Lebanon, London, Ludlow, Morganfield, Madisonville, Mayfield, Maysville, Mt. Sterling, Murray, Providence, Nicholasville, Paris, Pikeville, Pineville, Princeton, Richmond, Russellville, Shelbyville, Somerset, Versailles and Winchester.

With all the emphasis of which this paper is capable it would impress Democrats of the necessity of registering on October 3, and that under no circumstances must they neglect the essential of voting in November. Kentucky is for Wilson, but unless those who are for him shall register they will be unable to show it on election day. Therefore take a short time off October 3 and see that your name is registered and certificate obtained that it has been.

REMEMBER, YOU MUST REGISTER OR YOU CANNOT VOTE.

BODY FOUND

Henderson Police Believe C. I. Burdon of Beech Grove, Victim of Foul Play.

Henderson, Ky., Sept. 22.—Was C. I. Burdon, whose mangled body was found on the L. & N. tracks early yesterday morning, murdered or run down and killed by a train? The body, with head cut off and one leg gone, was found by Roy H. Wright in the L. & N. yards, and only a short time afterward a pool of blood was found just outside a saloon only a short distance away. The police who are working on the case are inclined to the theory that the man was murdered and his body placed on the railroad tracks, where it was run over by

a passing train.

Burdon lived at Beech Grove, Ky., and came to Henderson Monday on business.

Longer and Less Flaring Skirts

New York, Sept. 22.—Longer and less flaring skirts are indicated by the fall fashions, says the semi-annual report of the Silk Association of America. They will be of ankle length, frequently made of pleats and requiring as much or more material than last season, is the prediction. Paris fashions, it is asserted, have not favored the extremely short, almost freaky skirts which have been worn this year.

The wearing of these skirts unquestionably has increased the demand for silk hosiery, both fancy and plain, says the report of the experts.

APPLE CROP

Decrease in the Production in Kentucky is Shown.

Washington, Sept. 22.—According to the Department of Agriculture, the September forecast of total apple production this year in the United States, as reported by the bureau of crop estimates, is 67,679,000 barrels of three bushels each, agricultural basis, as compared with 76,670,000 estimated produced last year. The department in forecasting apples for this year by important varieties, shows that Kentucky produced 547,000 barrels, a decrease of 33 per cent. of Ben Davis, as compared with the year before; 502,000 barrels, a decrease of 47 per cent. of Winesaps; 278,000 barrels, a decrease of 35 per cent. of Rome

Beauties; 79,000 barrels of Grimes' Golden, a decrease of 46 per cent., 93,000 barrels of Stayman Winesaps, a decrease of 51 per cent. and 103,000 barrels of Limbertwigs, a decrease of 29 per cent.

Tobacco Frosted.

Falmouth, Ky., Sept. 22.—About one-half of the tobacco in the county was cut and housed, and the other half was standing in the patch, and Monday night frost was so heavy that the largest part of the outstanding crop was ruined. Late corn, beans and tomatoes are all killed.

I want 200 country hams.
